1. 회사 요약 (VISION / MISSION / PORTFOLIO)

- Vision: To be the benchmark technology company of the maritime world.
- Mission: Develop, distribute and support innovative technology services that add true value to maritime customers while contributing to a sustainable future.
- Scale: 650+ clients · 13,000+ vessels · 25+ years · offices across Greece, UK, Cyprus, Germany, Norway, Netherlands, Singapore, Hong Kong, Japan, UAE, USA, India (+ Korea hiring remote AM).
- Values: Integrity · Excellence · Innovation · Great Place to Work certified (multi-year).
- Core portfolio talking points: Infinity (bandwidth/network management smart-box), Spectrum (RMM/asset inventory), Quazar (IT-as-a-Service), cybersecurity (Angel/Ozora), connectivity (Starlink, Fleet Xpress, KU, hybrid), NEMO (OT entry), Navarino Elements (GMDSS/nav/safety electronics).

2. JD MUST / NICE (KOREA ACCOUNT MANAGER)

- Must: related bachelor's; maritime + regulatory environment; interpersonal + sales generation; brand ambassador; reliable/detail/prioritisation; Fluent English.
- Responsibilities: retention/satisfaction; cross-team pre/post sales; new business + strategy; CRM hygiene; ambassador; industry events.
- Nice: B2B / Maritime SaaS sales; operators / crewing managers / DPA understanding; QC systems & performance-management frameworks.

3. 매칭 점수 (HONEST)

- BEFORE CV reframing: ~58% — 엔지니어링/프로그램 전달 중심 이력으로 읽힘.
- AFTER CV reframing (본 Revised JD Fit): ~74% — 동일 사실을 lifecycle account care + consultative solution selling + KPI/SLA/regulatory discipline + satcom/connectivity fluency 로 재배치.
- 80%+를 주장하려면: 상업용 merchant fleet 네트워크 증거, SaaS quota 실적, CRM tool 실무 경력을 추가로 확보해야 함 (날조 금지).

4. 갭과 보완 전략

- 순수 상업 쿼터 세일즈: 커버레터·면접에서 30-60-90 (CRM 위생 → joint hunting → weekly pipeline)로 소유. 매출 숫자 창작 금지.
- 한국 상선/선사 네트워크: 조선소·기술관리·satcom 바이어 경로를 owner/IT/procurement 맵으로 확장. 협회·행사 참가 의지 명시.
- Maritime SaaS quota: Infinity/Spectrum/Quazar 가치 제안 학습 + discovery question 세트로 증명. 가짜 케이스 스토리 금지.
- DPA/Crewing: ISM/DPA·crewing 의사결정 체인 학습. “규제된 선박 환경을 알고, commercial DPA 어휘를 빠르게 쌓겠다”로 정직하게 소유.
- PLM 서술: AVEVA Consultant 지원 준비 중 자가학습 시작 + 상업 PLM/SAP/ERP/Jira/Confluence/KPI 익숙 — employed AVEVA Marine 납품 경력으로 과장하지 않음. Marine SaaS와 유사점(구성관리, 변경 추적, 성과지표, 협업 툴)으로만 연결.

5. ATS 키워드 (사실 기반 WEAVE)

- Account management · Customer relationship · Maritime / shipping · Satellite connectivity / LEO / satcom · FAT/SAT/commissioning · Pre-sales / post-sales · Stakeholder management · Regulatory / traceability · KPI / SLA · CRM discipline · B2B consultative selling · Cybersecurity / OT awareness

6. 클레임 금지 (면접 리스크)

- GENOHCO 에서 satellite/TVAC 업무 주장 금지 (K2 Sight ME / UAV ME / PCB 만).
- 매출·쿼터%·ARR·폐쇄 로고 창작 금지.
- AVEVA Marine 고용 납품 / DPA·crewing 을 기존 직무 이해관계자로 과장 금지.
- Navarino 650 clients / 13,000 vessels 를 개인 성과처럼 서술 금지.
